Springtime Happenings at Huber Cellars!

Spring is officially here! The vines are springing to life, there's a spring in Norm's step as he watches the new growth and Traudl's kitchen is full of Springtime ingredients. Time to put on bright colors and come up to Santa Barbara Wine Country to celebrate!

Welcome to our latest newsletter! We'll send one out every once in awhile to let you know what's happening at Huber Cellars. We usually send out newsletters via e-mail, so if you'd like to receive news from us about once a quarter, we invite you to sign up for our e-newsletter on our website at www.hubercellars.com.

A Celebration of Spring – Vintners' Festival 2006!

We will once again be joining the 100+ members of the Vintners' Association to celebrate the arrival of Spring and the beginning of the 2006 vintage. Our wines will be complemented by food from over two dozen local restaurants, caterers and specialty food producers and surrounded by lively, get-rid-of-those- winter-blues music. This is the 24th annual Vintners' Festival, and it will once again be held on the beautiful grounds of Firestone's Crossroads Meadow, outside of Los Olivos

This year, the Festival will showcase the wonderful relationship between food and wine. In addition to the tasty appetizers presented by the restaurants, there will be three live cooking show segments (being taped for Cox Cable Network) and a book signing by the author of the California Wine Country Diet. Plus, a Silent Auction and a free grapevine plant to start your own backyard vineyard - something for everyone!

We'll be pouring current releases and a preview of our new Chardonnay project - a no-oak, stainless steel version that is crisp, focused and purely Chardonnay. Hope to see you at the Festival! [For information and to order tickets, click here](#)

Open House at the Vineyard

During the winter months, Norman has been transforming the patio overlooking the vineyard into a cozy little tasting bar. And since this is not far from Traudl's kitchen, it is the perfect place to enjoy our wines. Come join us the day after the Festival!

Many of us that are not usually open to the public for tastings are throwing open our doors for Open Houses and special tastings in an "*Off the Beaten Path*" tour! First stop as you head toward Lompoc is our vineyard - which by the way will be twenty years old this year! We'll be pouring our full range of wines, as well as a preview of our stainless steel Chardonnay, and you just know Traudl will be cooking up some goodies. Plus, Norman's been creating new barrel-stave items that will be available. From the Cellar, the Vineyard, the Woodshop and the Kitchen - come on over!

Hope to See you Soon!

We look forward to seeing you during Vintners' Festival weekend. If not then, sometime soon - if you're in the area, please give us a call. Our best wishes to you.

Norman and Traudl
